

Connect and learn with us this month as we work toward making sure all Missourians have access to safe, stable housing!

Empower Missouri is a statewide advocacy organization that works to change Missouri's laws and policies to boost food security, affordable housing, and community justice.

Every year, thousands of Springfield, MO families face eviction court — most without a lawyer by their side. What does that mean for our neighbors, and what would change if every tenant facing eviction had a Right to Counsel? **RSVP to join us with the QR code or link:**
