

TOWN HALL EVENT

MISSOURI'S **IN**JUSTICE SYSTEM: BUILDING COMMUNITY POWER

This free event will feature panelists from several K.C.-based organizations engaged in deep advocacy work, from organizing to prevent the construction of a new city jail (Decarcerate KC) to amplifying the voices of family members with incarcerated loved ones in Jefferson City (Mothers of Incarcerated Sons and Daughters) to supporting the needs of individuals returning home through expungement reform (Journey to New Life). We will discuss ways to get involved in local & state advocacy and provide updates from the 2025 legislative session.
